Message from the Chief Editor

It is my great pleasure that this volume (Volume-7) of research papers is published with 51 papers that were presented at the first ever International Conference on **Issues Around Pedagogy: Teaching-Learning Strategies in Arts & Humanities for the 21st Century** held on 25-26 June 2025 by the Faculty of Arts, University of Rajshahi. In total 214 papers were presented at the conference but 116 of them were submitted for publication. These 116 papers were reviewed and after a careful scrutiny 116 were finally recommended for publication in two volumes. I heartily congratulate those scholars of different disciplines whose papers have been published here. All those papers are of high standard and I believe they will be a good read for both students and teachers. The publication of these volumes has been possible for the collective effort put in by the experienced members of the editorial board. I am grateful to this board for their sincere and enthusiastic cooperation in this venture. I also thank the officers of the faculty without whose assistance the publication of these volumes would not have been possible. My sincere thanks are also due to the employees of the Uttoran Offset Printing Press for their cordial support.
