

International Fisheries Summit and Expo, 2025

(Stakeholders Networking Towards Sustainable Aquaculture and Export)

Venue: Kazi Nazrul Islam Auditorium, University of Rajshahi, Rajshahi, Bangladesh

Updated Date: 22 November 2025, Saturday

The International Fisheries Summit and Expo, 2025 is a significant platform for entrepreneurs in the fisheries sector. By actively engaging in stakeholders networking, the aquaculture sector can address key challenges, from environmental concerns to market access, and ultimately, build a more resilient and sustainable aquaculture industry.

Session Themes

- ♦ Good aquaculture; Fish feed and Aqua medicine
- ♦ Aquaculture mechanization and future perspective
- ♦ Product development and packaging
- ♦ Value chain and market linkage
- ♦ Export compliance and certification
