

Student Feedback in OBE-Based Curriculum

Outcome-Based Education (OBE)

Prepared by: Ajmul Huda

What is OBE?

- • OBE = Outcome-Based Education
- • Focuses on achieving specific learning outcomes
- • Emphasizes skills, knowledge, and competency
- • Student-centered education system

What is Student Feedback?

- • Opinions given by students about courses and teaching
- • Evaluation of teaching methods and assessment
- • Feedback on learning experience
- • Helps measure achievement of Course Outcomes (CO)

Importance of Student Feedback in OBE

- • Measures effectiveness of teaching
- • Ensures achievement of Learning Outcomes
- • Identifies strengths and weaknesses
- • Supports Continuous Quality Improvement (CQI)

Areas Covered in Student Feedback

- • Teaching clarity
- • Course content quality
- • Assessment fairness
- • Classroom interaction
- • Teacher support and guidance
- • Lab/Practical effectiveness

Role in Curriculum Development

- • Helps in course review
- • Assists in curriculum update
- • Improves teaching strategy
- • Required for accreditation process

Conclusion

- Student Feedback is an essential part of OBE.
- It ensures quality education and continuous improvement.
