

# 1<sup>st</sup> International Conference on Geosciences for Achieving Sustainable Development Goals (ICGSDG) 14-15 November, 2025

**Organizer: Faculty of Geosciences, University of Rajshahi, Bangladesh**

The Conference on Geosciences for Achieving Sustainable Development Goals brings together researchers, decision-makers and professionals to explore innovative solutions for resource development and environmental challenges. It focuses on how important geosciences are to managing natural resources, combating climate change, fostering resilience in ecosystems and advancing sustainability. The aims of the ICGSDG are to target scientific ideas focusing on understanding, monitoring, protecting, managing and restoring the natural environment.
